

Fig. 8

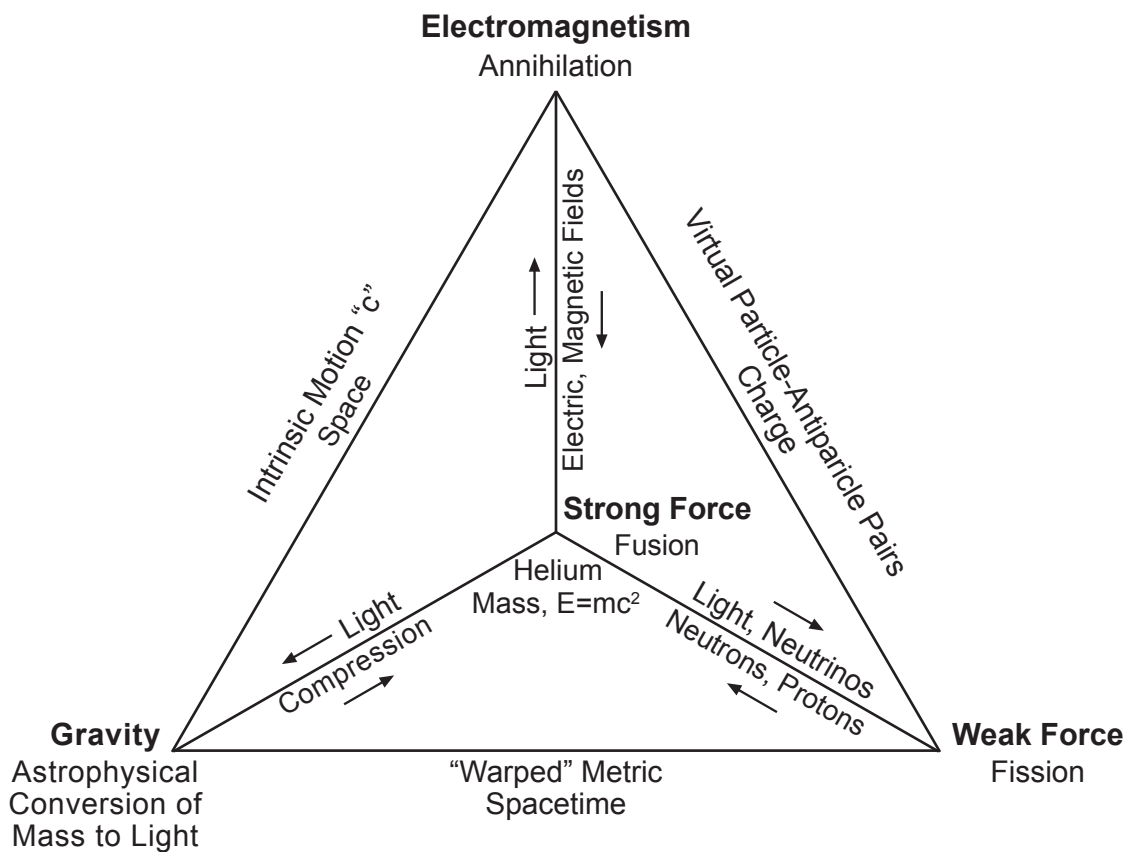

THE SYMMETRY GROUPS OF LIGHT: SUN TETRAHEDRON

The Sun creates light and helium via the combined action of the Four Forces.

John A. Gowan and August T. Jaccaci

March/April, 2013

<http://www.johnagowan.org/trintxt.html>

The Four Forces act in concert in the first step of the spontaneous return of the material system to its original symmetric state (light).
